Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Tuesday 29 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A cloudy day with a few isolated showers.

Today:
A cloudy day with a few sunny intervals too. Any showers hanging around early this morning should be quick to clear with then just a few isolated showers throughout the day. These showers could turn heavy at times. Feeling warm. Maximum temperature 20 deg C (68 deg F).

Tonight:
Staying dry this evening and overnight with some lengthy clear spells. Winds will be remaining light and it will be feeling mild. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Another quite cloudy day with showers, turning heavy at times, largely over Devon and Cornwall. Some sunny intervals at times at too. Feeling warm in any sunshine. Maximum temperature 23 deg C (73 deg F).

Outlook for Thursday to Saturday:
Plenty of sunny spells with the odd isolated shower on Thursday and Friday. Widespread rain then arriving during the early hours of Saturday before clearing by the evening.
